Pop singer/songwriter **Darcy Blu** is an emotive lyricist with an ear for unique, soothing melodies that shape her heartbreak-fuelled tracks. **Darcy's** love and passion for songwriting began with writing her own poems as a young teen whilst teaching herself piano and uploading cover videos onto YouTube. At the age of 19, she moved to London in order to pursue her career as an artist and songwriter. Over the years, **Darcy** has been championed by BBC Introducing, playing live sessions as well as having her music broadcasted numerous times. Darcy and her band have headlined Notting Hill Arts Club and most recently Nambucca, whilst playing many other prestigious venues around London.

"Darcy Blu is definitely one to watch"

Brody Swain, BBC Introducing

'February' is an upbeat pop song overflowing with character and wit inspired by Darcy's views on Valentines Day. **'February'** allows the listener into **Darcy's** personal life as she sets the scene with honest, open and comical lyrics about love and heartbreak.

"It's just another day in February, waking up and my head is heavy, it's just another day of the month, and I really don't get the deal about love..."

Catch Darcy playing 'February' on February 15th at Notting Hill Arts Club.
